# Healthcare Grant

## **Purdue's Healthcare Grant Website:**

- Offers an easy-to-use application process
- Provides a central point of contact for grant applicants
- Minimizes the possibility of filing incomplete grant applications
- Allows grant applicants to track request status

The site includes the necessary information for completing an online grant application.

The Purdue Healthcare Grant Review Committee considers healthcare-related requests by organizations (e.g., societies, institutions, hospitals), whether the grants are related to education matters (e.g., live programs, educational materials, general educational initiatives, research studies, fellowships) or non-education matters (e.g., charitable events).

We ensure that each complete online application receives a fair and thorough review by our Grant Review Committee.

# Information

## *Scope of support:*

Healthcare-related –

- ▶ Educational grants
- ▶ Scholarships and awards
- ▶ Advocacy initiatives
- ▶ Charitable contributions

## **Grant Request Timeline**

Grant requests should be received at least 45 days prior to the event/initiative.

## *Accredited Educational Grant requests should clearly demonstrate:*

- ▶ Use of appropriate educational methods
- ▶ Identified educational need(s), based on assessment
- ▶ Method(s) to measure education outcomes
- ▶ Compliance with relevant ACCME, ACPE, AMA, and other applicable guidance
- ▶ Efficient and effective use of funds

*(continued on back)*
